

Invitation to Join the EAGT Research Committee

The European Association for Gestalt Therapy (EAGT) Research Committee is seeking a new member.

We warmly invite applications from EAGT members who are passionate about advancing research in Gestalt therapy.

ABOUT THE RESEARCH COMMITTEE

The Research Committee works to support, promote, and develop research within the Gestalt therapy field across Europe and beyond. We are a small, collegial group committed to strengthening the evidence base for Gestalt practice and fostering a culture of inquiry within the EAGT community.

THE ROLE

This is a voluntary committee position. As a member of the Research Committee, you will:

- Contribute to the committee's strategic direction and ongoing projects
- Support the development and dissemination of Gestalt therapy research
- Collaborate with colleagues from across the EAGT membership
- Attend monthly online committee meetings

WHO WE ARE LOOKING FOR

We welcome applications from EAGT members who bring some or all of the following:

- A background as a Gestalt therapist or practitioner
- Experience in or enthusiasm for research — whether academic, clinical, or applied
- An interest in contributing to the broader development of Gestalt therapy as a field
- Commitment to the time required for monthly meetings and committee work

We are keen to hear from members at all career stages and from across the EAGT's diverse community.

HOW TO APPLY

If you are interested, please send your motivation statement and CV together with 2 recommendation letters of full members and a max. 4-minute video presentation to info@eagt.org **before September 1st, 2026**.

If you have any questions about the role before applying, you are very welcome to get in touch. Christine.stevens@eagt.org

We look forward to hearing from you.
